

Higher Education, Professional and Adult Provision

Principles for Academic Year 2023-24

(Applicable to campus-based Programmes only)

1. BSDC is committed to delivering and maintaining a high-quality learner experience. Where applicable we continue to follow Office for Students guidance, and industry best practice to maintain the health, safety and wellbeing of our learners and staff.
2. BSDC's Adaptive Plan fully supports flexible approaches to academic delivery providing blended methods of teaching, learning and assessment.
3. BSDC are committed to providing primarily face to face delivery. Where UK Government advice does not permit campus-based learning (for whatever reason), alternative measures will be implemented to maintain the continuity of education.
4. BSDC continues to welcome learners to campus from September 2023. This will include on campus taught sessions, lectures and seminars, and where applicable elements of planned online delivery that supports effective teaching, learning and assessment.
5. All learners will benefit from an extended and enhanced period of welcome and development activities, designed to support new and returning learners.
6. Teaching will be primarily module/unit based in its organisation, however where applicable to provide high quality education and learner experience, we may group together learning activities from across modules or units.
